A prominent blue button labeled "Add Device" is located in the top right of the main content area. Below the title, there are two buttons: "All Devices" (highlighted) and "Diagnose".

A descriptive text block states: "This table shows a summary of all devices that have been added. It can be filtered, organized, and searched on using different criteria. To get started, you can add devices by using the Add Device button, or by using API." Below this text is a search bar with the placeholder "Search by Device ID".
